## Palm Beach Cats In Pahokee Tonite

Palm Beach Wildcats come to Pahokee tonight for a foot ball battle with Web Fell's 1964 winless Blue Devils. Last week the county seat eleven trounced the Golden Rams of Belle Glade to the tune of 42 to 9. That doesn't sound too good for the Pellmen tonight.

The Blue Devils made it seven in a row last Friday night when they lost to the Delray Beach Seacrest eleven by the lopsided score of 39 to 6.

The local youngsters need to win a game tonight if it is at all possible. Losing so many without a win tends to take the spirit out of the boys.

## Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

A number of items pertaining to the county's road program were up for action before the county commission Monday.

They included:

Approval of the board for acquiring a parcel of right of way for extension of Congress Ave. at its south terminus—right of way which the board said would step up action on the project.

Approved an appraisal of \$159,000 for right of way for improvement of Forest Hill Blvd.

Instructed the county engineer to contact the State Road Department in an effort to get a copy of the proposed alignment for extension of Monet Road between the Inland Waterway and U. S. Highway No. 1.

Took under advisement, a request from the community of Palm Springs that it be allowed to build a road side shelter on county right of way.

Approved right of way maps for Seacrest Blvd. and 2nd Ave. North in the Delray Beach area.

The County Commission Monday proclaimed the week of Nov. 8 to 14 as American Education Week.

The commission also:

Heard that the Florida Shore and Beach Preservation Association will meet at Delray Beach on December 11.

Heard that about \$50,000 in Federal funds have been made available for improvement of the county's airports at Lantana and Pahokee.

Decided to set up a conference with representatives of the Butler Aviation Corp. to review terms of Butler's lease as a base operator at International Airport for use as a parking compound for National Guard vehicles.

Palm Beach County's \$15 million road program appears headed for some expensive delays according to a report made Monday by County Engineer George Frost.

He told the county commission that when the bond program was adopted several years ago that a \$4 million fund had been set aside for right of way and retirement of old bonds and the \$11 million balance earmarked for actual construction work.

Delays in planning, he said, has now amounted to more than \$1 million and will necessitate cutting some of the road building to keep the program within the amount of the bond issue.

Frost asked permission to meet with State Road Board representatives in an attempt to project all finances on the various projects and then confer with the commission on which projects should be deferred until construction money becomes available.

The county engineer said much of the delay has been caused by the inability of the state road department to get plans for the projects in order.

County Commissioner Lake Lytal said this set of facts should be called to the attention of Palm Beach County's legislative delegation with a request that planning of this type be divorced from the road department.

"This is another example where the State Road Department is not in a position to handle more than primary roads," Lytal said. This type project, he said, should be left to the counties themselves.

LEADERS TO MEET.  
4-H leaders will meet Nov. 19 at 9:30 a. m. at the Glades office building in Belle Glade with Miss June Street, Home Demonstration agent and Mrs. Mary Lou Skirer, assistant home demonstration agent as guest speakers.

Col. and Mrs. W. S. Evans were the weekend guests of their son-in-law and daughter, Dr. and Mrs. Frank Handley and children in Sebring.

### Weybrecht Has 38 Years With County

Probably one of the longest service records of any county employee, that of August A. Weybrecht, drew an official resolution of appreciation this week from the County Commission.

Weybrecht, who retired as superintendent of the county road and bridge department on October 1 this year, has marked up a total of 38 years as a county employee.

The board's official resolution called attention to Weybrecht's long service in many capacities as a county employee. He was commended for his "long faithful and efficient service to the people of Palm Beach County."

Commissioner Lake Lytal credited the veteran employee with playing a great part in the development of Palm Beach County. Lytal said his remarks expressed the gratitude of many people in the county.

Commissioner E. F. Van Kessel named Weybrecht as the one man who had been of great help in acquainting Van Kessel with the county operations when he was elected to the board. "His training," Van Kessel said, "I most deeply appreciated."

Presentation of the resolution to Weybrecht was made by Paul Rardin, vice chairman of the commission.

On hand to watch the proceedings were all the top level associates of Weybrecht from the road and bridge and county engineer's department, including Blaine Williamson who succeeds Weybrecht as Superintendent of the county road and bridge department.

## How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with

Why should you buy  
 U. S. Savings Bonds when there are  
 so many other good investments?

To help you and your country is one answer—and a good one.

But Bonds have other advantages that make them worth your consideration.

For instance, they offer you just about the easiest way to save money; either with the Payroll Savings Plan where you just ask your employer to put part of your wages aside toward a Bond or through regular purchase of Bonds at your bank.

Another unique advantage of U. S. Savings Bonds is the way they stick with you. You can get your money any time.

But if you're like most people, you'll hang on to your Savings Bonds for the big things you want in your future.

And, of course, Bonds are a safe investment—as long as there's a United States of America.

Which brings us back to your country again. Bonds help defend freedom at a time when the enemies of freedom are stronger than ever.

Buy Savings Bonds. The banks or savings institutions that sell them don't charge you a penny for the service.

Keep freedom in your future with

# New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

*The Treasury explains why the new ones you buy and the ones  
you own now are better than ever*

**Q:** How does the new  $3\frac{3}{4}\%$  interest rate benefit me?

**A:** With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to  $2\frac{1}{4}\%$  for the first year and a half; then a guaranteed  $4\%$  each year to maturity.

**Q:** When did the new rate become effective?

**A:** June 1, 1959.

**Q:** Does the new rate change the Bonds I bought before June 1, 1959?

**A:** All older E and H Bonds pay more now—an extra  $\frac{1}{4}\%$  from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

**Q:** Will the Bonds I own automatically earn their new rate?

**A:** Yes. You don't need to do a thing—just hold on to your Bonds.

**Q:** When my E Bonds mature, will they keep on earning interest?

**A:** Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

**Q:** With the new interest rate, should I cash in my old Bonds and buy new ones?

**A:** No. The automatic  $1\frac{1}{4}\%$  increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

**Q:** How are series H Bonds different from series E Bonds?

**A:** The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

**Q:** In what denominations can I buy series E and series H Bonds?

**A:** E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$250 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

H Bonds: \$500, \$1,000, \$5,000 and \$10,000. They are priced at face value.

**Q:** How safe are U.S. Savings Bonds?

**A:** Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

**Q:** What if my Bonds should be lost, stolen or destroyed?

**A:** You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

**Q:** Where can I buy Bonds?

**A:** Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you want automatically deducted every payday. The Bonds you buy by installments are delivered to you automatically, too. Your bank will take your order for H Bonds.

**Q:** How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

**A:** Peace costs money—money for military strength and for peace. But money saved by individuals helps keep our country strong.
